# SUBSCRIBERS

Whose Names have arrived too late for insertion in Alphabetical Arrangement.

# KEY TO THE REGISTER.

The Stores of Vessels are designated by the Figures 1 and 2:-

1. Signifying that the Vessel is well and sufficiently found.

2. That she is deficient in either quantity or quality.

Vessels Restored to, or Continued on the Character A, will have the number of Years for which they are Restored or Continued, with the name of the Port of Survey, inserted separately under the number originally assigned, in the Eleventh Column; thus—Rest. Lon. 70–5 yrs, or Cont. Liv. 70–5 yrs. Where the term in the case of continuation has expired, the Letter "C" only will be placed before the figure denoting the number of Years for which Continuation had been allowed.

The Port where a vessel has been either Specially Surveyed, Continued, or Restored, is

mentioned in the same column as the fact and date of such Special Surveys.

British North American built vessels, opened as required by the Rules, Section 63, will be marked in the Register "S.S." with the number of years that may elapse before they are again opened, and the year of survey; thus—"S.S.Cly.70-4yrs—"

Vessels marked "S.S." with a date, in red, denote that they have been surveyed at that time in accordance with the second Clause of the Rules, Section 60; thus—"S.S.Sld.70-5yrs" (in red ink).

The mark [B.S.] denotes that the vessel is classed subject to Biennial Survey. The mark [Expl. B.S.] denotes that the vessel is built Experimentally, and classed subject to Biennial Survey. (See Section 31.)

The mark (t.s. ) with a date, denotes that the vessel has been submitted to Triennial Survey

as prescribed by Rules for Iron Ships, thus (t.s.69). (See page 75).

The marks (s.s. Nwc. No. 1-70) — (s.s. Hul. No. 2-70) — (s.s. Lon. No. 3-70) denote that the vessels have been submitted to periodical surveys, as prescribed by Rules for Iron Ships, page 72.

When the term "alm. rb.," signifying almost rebuilt, is used, it implies large repairs, but that

the Rules for Restoration have not been fully complied with.

The figures in the Eleventh column, to vessels in the Æ class, imply that they were originally classed A, for that number of Years. The cipher 0 in this Column indicates that (from inferior construction) there were No "number of Years first assigned."

The broad A signifies that the Vessel is built of Iron.

The note \* prefixed to A, thus—\*A, signifies that the Vessel has been built with heavier plating than the Rules now require.

Ships built under Special Survey will be shown by a Cross, thus . (See Section 28.)

The Figures under the Character denote the date when the Vessel was last surveyed.

When printed IN RED (except in the case of Vessels classed A 1 in Red), they indicate that the survey has reference to the STORES only.

When a black line appears with a date under it in the twelfth column, thus \_\_\_\_\_, it indicates that, at the date stated, the Vessel, either from defect or non-compliance with the Rules, was not entitled to a Character in the Register Book.
